

OPERATION CANTEEN (Johnny).

30 April, 1945

Johnny formerly attached to Op. Foxtrot; see story of latter dated 24-4.

(S)(U)
(S)(3)

Uffz. [REDACTED] of the 1119 VGR, was transferred by the IW Kurlazarett 2/XII at Bad Gastein on [REDACTED] (this date already in Soldbuch, so must be maintained) to Res. Laz. Rosenheim.

Res. Laz. Rosenheim returns him to his unit on [REDACTED] (day before morning when he appears at pinpoint).

He has been brought in a truck from Rosenheim as far as 058128 (Sheet Y6), between the Tegernsee and the Schliersee, and 6 Km. South of Miesbach.

From there he continues to Egern 0707-Glashuette 9498-Achenwald 9693-Jenbach 0474-Innsbruck-Lermoos 3871-and out.

He has two Dienststreiseschein from the Res. Laz. Rosenheim; one "Laz.-Entlassung zurueck zur Truppe ueber Innsbruck" and one "Laz.-Entlassung zurueck zur Truppe ueber Lermoos." This because we do not know how long he will stay in Innsbruck--if a long time, he should use the former and have the paper stamped by the Bahnhofswachoffizier there. If a short time, he should use the latter and have it stamped by a Buergermeister of a small town en route. In either case his travel paper should be stamped by either a Bahnhofswachoffizier or a Buergermeister every 24 hours; this is important, for it is capital offense to be without such stamps.

His story is that he believes his troop, last reported at Memmingen 8234 (Sheet X4) on 17 April, is now at Lermoos. (See Hitide 205) Its FPN is 414970. It is part of the 553 VGD. Its Ersatz is Gren. Ers. Abt. 109 in Baden-Oos.

He carries:

1. LW Soldbuch.
2. Dienststreiseschein, Res. Laz. to troop as above, uber Innsbruck.
3. Dienststreiseschein, Res. Laz. to troop as above, uber Lermoos. (Hide one of the above)
4. Letter to Truppenarzt of unit from Res. Laz. Rosenheim.
5. 2 blank Marschbefehle (to be hidden)
6. 6 day Urlaubermarken and 8 day Rauchermarken (hide more than 3 day supply).
